World Council of Churches: Dialogue with People of Living Faiths

BRILL

Primary Source

The desire of the World Council of Churches to open a dialogue with Hindus, Buddhists, Jews and Muslims resulted in the 1971 Dialogue with People of Living Faiths and Ideologies (DFI) program.

This program supports interreligious multi-lateral and bi-lateral dialogue with partners of different faiths. This collection details the various meetings at which such dialogues were organized.

This collection contains papers presented at the Ajaltoun Consultation in 1970, correspondence written by Stalnely J. Samarth and S.W. Ariarajah and various documents and papers related to Samartha's study on "The Word of God and the Living Faiths of Men".

Also included are various preparatory documents and press releases that describe the World Conference of Religions for peace and documents that provide information on the various Multifaith consultations, including the Christian-Hindu dialogue, the Christian-Muslim dialogue and the Christian-Buddhist dialogue.

Storey Online

Persian Literature: A Bio-Bibliographical Survey

OPEN ACCESS

BRILL

Major Reference Work

Published in **Open Access** with generous support from the Persian Heritage Foundation. This new online resource will make available all 6 volumes of Charles Ambrose Storey's *Persian Literature: A Bio-bibliographical Survey*, including the new cumulative index volume. Explicitly intended as a counterpart to Carl Brockelmann's *Geschichte der Arabischen Litteratur*, Storey's Survey offers entries on Persian authors as well as their works, listing their manuscripts and editions.

The Survey originally consisted of 5 volumes (1.1; 1.2; 2; 3; and 4) but not all volumes were actually published. Volume 5 was published later by François de Blois. Based on Storey's handwritten legacy preserved by the Royal Asiatic Society, Brill is now publishing the missing volumes, completing the Survey.

Content from volume 1.1 is now published online in Open Access. Content from other volumes will follow over the course of 2022. Print versions of the separately published volumes are **available as well**.

Natuurkundige Commissie Archives Online

OPEN ACCESS

BRILL

Primary Source

Natuurkundige Commissie Archives Online is a primary source collection. The collection title is derived from the committee sent out to explore the natural resources of Indonesia (the then Dutch East Indies) in the mid-19th century. The materials collected by the Natuurkundige Commissie voor Nederlandsch-Indië were archived at the museum that later became Naturalis Biodiversity Center in Leiden, The Netherlands. Thanks to Metamorfoze restoration and digitization project funded by the Royal Library of the Netherlands between 2007-2012, the archive is in good condition and almost entirely digitally available here

The collection of the Natuurkundige Commissie Archives Online consist of three parts:

1. The Verhandeligen, three magnificently typeset and illustrated volumes in which the committee's findings were published between 1839-1847
2. Over 1500 drawings and (often stunning) illustrations
3. Over 13,500 handwritten documents, such as field books, notes, shipping lists, and correspondence

Natuurkundige Commissie Archives Online is an invaluable resource for the history of science, natural history, biodiversity, history of colonialism. On behalf of Naturalis, Brill is proud to publish this collection in Open Access.

Encyclopedia of Public International Law in Asia Online

Editor: Seokwoo Lee

BRILL | NIJHOFF

Encyclo[edic Work

The Encyclopedia is also available in [print](#).

Incorporating the work of numerous leading scholars, the Encyclopedia of Public International Law in Asia provides a detailed description of the practice and implementation of international law in various Asian states. The Encyclopedia covers the introduction of Western international law and the resulting shift from the older Asian order; the development of modern international law; and the impact that all of this has had on Asian states.

Offered online and in print as three geographically-organized volumes – Northeast Asia, Southeast Asia, and Central and South Asia – this reference work provides valuable information for all those interested in the historical development, implementation, and application of international law in Asia. Although there is general acknowledgement of the great variety of cultures among Asian countries, strong themes of familiarity, mutual understanding, coherence, and solidarity persists among them as a result of the numerous mutual cultural and religious contacts and interconnections that developed over the course of centuries. This examination of international law and its application in Asia reveals the shared history of the continent, as well as its unique development in each Asian state.

Each jurisdiction included in the Encyclopedia follows a standard structure for the broadest comparative advantage and starts with a Country Snapshot (Date of Independence, Date of Admission to the United Nations, Geographical Size, Population, Demographic Information, Form of Government, System of Law), followed by a State Report Overview (Executive summary of state report, Key highlights of unique state practice).

Coverage of the jurisdictions include the following items/chapters (where applicable):

- Statehood & Sovereignty
- Territory & Jurisdiction
- Sovereign/State Immunity
- State Responsibility
- Relationship between International & Domestic Law

Neues System der philosophischen Wissenschaften im Grundriss Online

UPDATED

BRILL

Recently updated with Volume III

Die Zeit der „philosophischen Systeme“ scheint seit Kant und Hegel endgültig vorbei. Darum ist das Erscheinen des Werkes „Neues System der philosophischen Wissenschaften im Grundriss“ ein geradezu spektakuläres philosophisches Ereignis: Dirk Hartmann schließt mit seinem Werktitel bewusst an Hegels „Enzyklopädie der philosophischen Wissenschaften im Grundrisse“ von 1817 an, um Absicht und Anspruch seines opus magnum deutlich zu machen: Im Gegensatz zur verstärkten Fragmentarisierung und Spezialisierung der Philosophie im 20. Jahrhundert geht Hartmann auf die philosophische Behandlung des Ganzen: In sieben Bänden erörtert er die klassischen philosophischen Problemstellungen in ihrem Zusammenhang – gleichermaßen für die Natur- wie die Geisteswissenschaften – nicht katalogisch nacheinander, sondern indem er sie konsequent auseinander entwickelt.

Als ein für das gesamte Werk grundlegendes Prinzip, das Hartmann als Sinnprinzip begründet, erweist sich das Prinzip der Wissbarkeit – dass das Wahre prinzipiell gewusst werden kann. In diesem antirealistischen Prinzip – der „einen Idee“, von der Kant spricht – manifestiert sich der Idealismus in seiner modernen, zeitgemäßen Form. Dieses Referenzwerk ist auch erhältlich als siebenbändige Print-Publikation.

Brill Book Archive

As one of the oldest publishers in the Humanities, Brill has served research communities since its foundation in 1683. We strongly believe that the Humanities, Social Sciences and International Law are areas of scholarship vital for addressing today's global challenges. To make our rich content available online, we are dedicated to digitizing our backlist book program.

With support from the Dutch National Library, Leiden University Library, and the Peace Palace Library in sourcing some titles, we are now adding a large set of Brill titles in digital format:

Brill Book Archive Part 1

The *Brill Book Archive Part 1* includes 3,900 book titles published between 2000 and 2006, across disciplines such as Asian Studies, Biblical Studies, Classical Studies, History, Language & Linguistics, Literature and Cultural Studies, Middle East and Islamic Studies, Philosophy, Religious Studies, Theology, International Law, Social Sciences, and Biology.

In addition to our existing online book series, [another 43 Brill flagship book series](#) will be available in digital format, back to Volume 1. These digitized book series contain 4,800 titles. Please note that there is an overlap between titles in the Brill Book Archive Part 1 and titles published between 2000 and 2006 in the digitized book series.

The *Brill Book Archive Part 1* is available as one collection or as subject collections. All titles are DRM-free and also available from our [Evidence Based Acquisition \(EBA\)](#) and E-Book Select programs, as well as through our [E-Book Vendors](#).

Features and benefits:

- Enhanced discoverability of research material.
- Full text search in 6,000 added book titles in archive and digitized book series.
